

FASTBREAK PRESS BREAKER

Diagrammed below is a press breaker for use versus man to man full court pressure. If executed correctly, the play will create a fast break scoring opportunity.

#4 upscreens for #2. #2 cuts off #4 to the ball, and #4 steps back to the ball. #3 and #5 sprint to halfcourt. #1 passes to either #2 or #4.

If #1 passes to #2, #5 breaks back to the ball. #2 passes to #5. If #1 passes to #4, #3 breaks back to the ball. #4 passes to #3. #1 breaks down the middle. The ball is passed to #1 by either #5 or #3. #5 and #3 fill the wings for the fastbreak.
